VOLUME 36

FRIDAY, MAY 14th 1943

NUMBER 4

Board of Trade Meeting Held

The regular Board of Trade was held Monday night in the Town Hall. Stormy weather cut down the attendance but a very good meeting was held. The minutes were read and accepted.

J. D. Hall, Chairman of membership, reported 65 paid up members and said the response had been very encouraging.

Frank R. Taylor, Chairman of the Roads Committee reported the selection of Dr. Hall J. L. Larson and J. F. Salmon to his committee. Recommendations were made that the road between here and Welling be repaired in the bad places and that warnings be put up by the highway places, also that the Provincial Government be informed of the poor condition of the main highway between Lethbridge and Cardston.

The Board of Trade was asked to appoint two members to the Town Planning Commission and O. H. Snow and J. O. Hicken were given this appointment.

The Board of Trade Executive was asked to present the drainage problem to the Council and find out their intentions with respect to this matter.

L. D. King, Stampede Chairman reported that July 1st and 2nd had been sent into Calgary as the dates for our show. After quite a discussion of the Stampede, the meeting voted to adjourn until more details on this matter could be determined, and reported on.

NEWS NOTES

Miss Betty Leanne Gibsen of Milk River is a recent enlistment in the CWAC having reported at Calgary on the 7th of this month.

If your subscription is due or in arrears, would you please send us your payment as soon as possible for billing. You would be helping us greatly, and thank you.

Last week the Public School students purchased \$51 worth of War Savings Stamps and this week the total was \$51.75. Congratulations boys and girls, this is a fine example for all.

Loan 30 p.c. Over Top

At 10:30 a.m. Tuesday, Raymond and district went over the top in the Fourth Victory Loan, raising at that time totalling just \$109,000.00 on a quota for the district of \$107,000.

In the afternoon the school pupils of both schools assembled in the street in front of Stone's Service Store and a short program was held when James H. ... District Organizer congratulated the Town and district in achieving its goal and said the Committee hoped for another forty or fifty thousand dollars before the end of the sales campaign.

When the announcement was made the Cheese Factory whistles and the siren on the Fire Engine both started going and for a few minutes there was a really "big noise" on the street when everyone began tooting horns and the school children were shouting. Today the pennant was run up the pole proudly from the pole to advertise our achievement.

Air Cadets Go To Lethbridge Sunday

Raymond's Air Cadets are to assemble Sunday morning at 9:15 and leave for Lethbridge. They will take part in a Church Parade Sunday morning from the ... Church ... and ... will go to No. 8 B and G School for lunch and for a program during the afternoon on subjects of interest to them. Group Captain Lister will be in charge of the ... and the boys while in Lethbridge.

Returning to Raymond in the evening, they will ... Parade at 7 p.m. at the First Ward Church to complete the day. Boys affected please note.

I. B. Roberts informed us Thursday that the cleaning and decorating of the Stake and 1st Ward House was finished that day, and it presents a very inviting appearance throughout. The 2nd Ward completed the renovation of their chapel about a month ago and both are now in fine shape, the grounds also having been cleaned recently.

Season Very Backward

A wet snow Sunday night following rain all day Sunday, and frost nearly every night, held up field operations for the first half of the week and since then the weather has been cold and disagreeable most of the time with very little sun.

Seeding operations are progressing slowly. About 80 per cent of the beets are planted, and a limited acreage will have to be replanted because of frost and the backward season. Seeding of wheat is possibly 40 to 50 per cent finished with hardly any coarse grains seeded. Pastures are slow in developing due to cold weather, and sheep men, who are just starting to bring out their flocks would like to see warm weather for both the lambs and to have more and better grass.

Banks were open Saturday to accommodate bond buyers.

Wesley Smith, Jr., and his brother Alma, left Tuesday morning to report for service in the Air Force at Calgary.

A. Betts asked us this morning if we knew of anyone who might trade a good warm overcoat for a shoe shop.

Town Planning Commission Named

The Town Council met in regular session Monday ... and accepted the minutes of the last meeting and passed the monthly pay roll.

The Waterworks Department voted to purchase an \$8,000.00 Victory Bonds out of its surplus. The Chas. Lybbert home was sold to the Town for unpaid taxes.

The Town Planning Commission, which has been under study for some months was set up and its personnel named as follows: Representing the Town Council, Mayor Cope and E. H. Nilsson, for the Board of Trade, O. H. Snow and J. Orvin Hicken, for the Rotary Club Frank R. Taylor and for the Lions Club John L. Kenney.

Several taxpayers were present and made arrangements for the payment of the taxes on their properties.

Steele Brewerton is now employed in the Raymond Mercantile Store, having finished his term at the University of Alberta.

Improvements At Town Hall Finished

CONFERENCE SUNDAY

With Bishop Joseph Wirthlin representing the General authorities, Taylor Stake Conference will be held Sunday in the Stake House on Sunday with meetings at 10 a.m. 2 and 7 p.m. It is likely that special meetings will be held at times to be announced.

MUNICIPAL COUNCIL PASSES THE STRAY POUND BY-LAW

The Municipal Council held its regular meeting Tuesday and listened to several owners of advertised tax sale land in payment proposals and accepted payment on many parcels.

The Stray pound by-law was passed and numbered 7, after an amendment had been included covering the request of the petitioners, that the law be in effect from April 1st to November 30th of each year, instead of all the time as at first proposed to the Council.

Road work for the season was outlined and the payroll passed and ordered paid.

Lyman Jacobs was the Rotary speaker on Monday last and gave a very fine talk on problems of Post War reconstruction. The stormy day kept some members away.

By Dr. R. W. Neathy, Director, Agricultural Department, North-West Line Elevators Association

Trees for Prairie Farms
During the severe snow storm experienced over a wide area of the prairie provinces in March this year, the value of established shelterbelts in reducing wind velocity and controlling snow accumulation around farm buildings, in fields, and along roads was well illustrated.

Farmers! Now is a good time to make plans to eliminate some of the inconvenience experienced then, and to put shelterbelts to work to your advantage. See to it that snow accumulates where it will benefit your alfalfa or hay field, your garden area and your fruit plantation, and not pile up in the yard and on the road.

Additional benefits are obtained through reduced evaporation, improved appearance, increased bird life, reduced soil drifting and much better gardens, and a supply of fence posts and fuel.

Broadleaf trees for planting on bona fide farm property are available from The Forest Nursery Station, Indian Head, Saskatchewan, in almost unlimited number, FREE of CHARGE, express charges COLLECT. Millions of them go out to thousands of planters each spring. Are YOU taking advantage of this service?

For evergreen trees there is a charge of \$1.00 per 100, and to any one planter in any one year a maximum of 50 trees and a maximum of 500 trees will be supplied; planters pay express charges.

Broadleaf and evergreen trees are NOT shipped together.

Before these trees will be supplied planters must prepare land for them by a careful summer fallow for one year. Keep this regulation in mind this summer but your enquiry for trees for 1943 planting should be mailed to The Forest Nursery Station, Indian Head, Saskatchewan, NOW.—Contributed by John Walker, Superintendent, The Forest Nursery Station, Indian Head, Saskatchewan.

An added improvement in the appearance of an already attractive Town Hall and its grounds, is being made this week by the installation of a concrete curb about ten inches high and eight inches wide, and topped with concrete posts the width of the curb and about six inches thick and two and a half feet high around the front and south side of the grounds.

The posts in the old fence were rotting away and the wire fence was sagging, and the decision to add this improvement to the grounds was partly a necessity and partly a result of the Rotary Club's program of civic betterment, starting at the Town Hall to see just what could be done to the street. We congratulate the Council on the work being carried on there and hope it will be continued.

TROUBLE! TROUBLE!

Due to circumstances beyond our control, only a limited amount of news is included in this week's Recorder. Patience folks and we hope to give you a full budget next week.

An Intertype part had to come from Brooklyn, and somewhere on the journey was delayed and we were unable to operate our machine except under great difficulty.

Skies cleared Tuesday night and at 6:15 thermometers registered nine degrees of frost. Some beets have had to be reseeded and it is likely that all wild fruits in this district at least will have been killed by the heavy frosts.

MRS. GRANT CARD'S FATHER DIES

C. Thompson, father of Mrs. Grant Card, passed away last week in Portland, Ore., and was buried there Monday. Mrs. Card being present at the funeral. He had been living with his children in Portland for a number of years past.

Deceased was an old-timer in Raymond, coming here 35 years ago or more, and lived south of the canal across from the C. E. Alfred home where his family grew from childhood, and later moved away. Mrs. Card being the only one who remained in Raymond. Old-timers will well remember deceased, and with them we extend our sympathy to the sorrowing children.

S. I. MAY Editor.

The 24th of May is almost
here. What are we going to do
about its observance?

Mother's Day exercises were
held in both Raymond and
Sunday Schools last Sunday,
and numbers from classes and
individuals in music and speech
paid tribute to Mother on that
day. Good crowds were present
in both wards.

Elders Duncombe and Twel-
ven, the latter of Salt Lake City,
both returned from the East-
ern Canadian Mission were the
speakers Sunday evening in the
2nd Ward and gave interesting
talks, reporting missionary ex-
periences and faith promoting
incidents.

"Seems I can't Save Anything--"

We MET on Main Street. Jim had his
usual ready smile, even when he got telling
me how hard up he was.

"Seems funny," he said "I'm earning more
these days, but I just can't seem to keep it.

"Taxes, Victory bonds and all those other
things coming off my pay."

He paused, then went on slowly.

"At least it Seems as though I can't save
anything. Actually, of course, those war
bonds are my savings. I'm glad I've salted
away a few of them. And you can count me
in on the Fourth Victory Loan too!"

This advertisement contributed to the Fourth Victory
Loan campaign by Dominion Textile Company
Limited, Montreal.

WE ARE Over The Top and the Pennant is Flying

WITH THE HELP OF A
LOYAL AND DEVOTED
CORPS OF CANVASSERS,
AND THE LARGEST LIST OF
SUBSCRIBERS TO ANY OF
OUR VICTORY LOANS SO
FAR FLOATED, OUR TOWN
AND DISTRICT HAS GONE
OVER THE TOP WITH A DE-
CDED ADVANTAGE, AND
OUR PENNANT IS FLYING.
TO EVERYONE WHO HAS
SOLD BONDS, HAS BOUGHT
BONDS, TALKED BONDS, OR
ASSISTED IN ANY WAY WE
WANT TO SAY "THANK
YOU" IN REAL EARNEST.

Even in the midst of our
current prosperity it is no small
feat to sell the amount of Vic-

tory Bonds that have been pur-
chased locally. With you, we
appreciate the need for finance
for our Government to carry
on, and we appreciate too, that
money spent in Victory Bonds,
is a gilt edge investment for
the future. Greater than this
is the fact that our men and
women in the service cannot
help but feel that we are with
them to the end in the fight for
freedom, and by this splendid
sale of Victory Bonds, we are
saying this in a way that ev-
eryone can understand and
fully appreciate.

AGAIN WE SAY "THANK
YOU." AND, IF YOU HAVE
NOT YET MADE YOUR PUR-
CHASE, THERE IS STILL
TIME TO BE NUMBERED

A Warning

As a result of unfavourable
weather conditions prevailing last
fall, including frost in some areas,
much of the wheat, oats, barley,
and flax is germinating poorly. The
situation appears to be most serious
with oats. The areas chiefly affected
are those along, and north of, the
old C.N.R. main line, and the area
adjacent to the foothills in Alberta.

It is safe to say that all cereal
seeds in the areas named above
should be tested for germination.
Our own laboratory has already re-
ceived nearly 10,000 samples, and
doubtless, the Dominion Govern-
ment laboratories have tested large
numbers.

However, the total laboratory
facilities in the West are inadequate
to handle all seeds which should be
tested. Farmers who have not al-
ready had tests made would be wise
to make their own.

We are having cards printed giv-
ing detailed instructions for making
home germination tests. One of
these will be hung in all country
elevators of Line Companies associ-
ated with the work of this Depart-
ment. The same information will
be printed on the "Seedtime and
Harvest" leaflet distributed to grain
buyers for passing on to their
customers.

Roughly speaking, seed germinat-
ing 85% or over is O.K.; from 65%
to 85%, rate of seeding should be
increased; less than 65%, seed
should be replaced.

Farmers unable to reach a line
elevator conveniently may obtain
copies of the leaflet by writing
directly to the Agricultural Depart-
ment, The North-West Line Eleva-
tors Association, Winnipeg (or
Calgary).

GRASSHOPPER AND SAWFLY THREAT

A threatened invasion of both grasshoppers and sawfly, borders on our district. Farmers should heed the warning and work their fields accordingly.

The sawfly trap doesn't require much land and is a good precaution. Plant one round of

the drill around the field, then leave a six foot strip, and after ten days or so seed the remainder of the field. The sawfly will lay its eggs in the border that was planted, and when this is still green, but after the eggs are laid, it can be cut and hauled away for feed or burned and no sawfly damage will be done to the rest of the field.

Poisoning for grasshoppers must be done when it's warm. Between 60 and 90 degrees of heat, and the Department of Agriculture, says to poison by the thermometer and not by the clock. A map showing the expected infested areas is posted in the Post Office. Study it very carefully and be safe.

Mr. and Mrs. A. E. Hancock, Mr. and Mrs. S. I. May, Mr. and Mrs. W. L. Jones, Mrs. Elsie Smith and H. A. Jones were at the Temple Wednesday afternoon and evening.

APPEAL FOR REVOLVERS

Ottawa, April 19: A new and urgent appeal to owners of pistols and revolvers to donate them for use by Canadian Army officers was issued today by the Department of National Defence.

Weapons sought are Colt, Smith and Wesson, and Webley pistols or revolvers hammer type, of .38, .45, and .455 calibres and Colt automatics of .45 calibre. Hammerless type weapons are not required.

Originally, letters were sent to thousands of Canadians who had registered guns with the RCMP and some 3,200 weapons were received but officials here found that so many registrations had been changed that a general public appeal was necessary.

The United States, principal source of this type of weapon, production for its own fighting forces and to meet commitments to the United Kingdom.

Officials here declared that the appeal is aimed not only at the general public, but to Reserve Army officers and officers on the retired list. They point out that those officers will be issued with pistols when entitled to them.

The weapons may be offered as a contribution, or for appraisal and sale. Cheques will be sent directly from the Department of National Defence. Persons unsure of the calibre of their pistols may take them to the nearest Army unit, RCMP detachment, Provincial Police or local Post Office.

They should be forwarded—unloaded—to Ordnance Officer, Postal Building, Fleet and Bay Streets, Toronto, by owners residing in Central or Eastern Canada or to Ordnance Officer, Assiniboine Avenue, Winnipeg, by owners living in Western Canada.

The weapon should be tagged and carefully packed before shipment, the announcement says. Tags should bear the name and address of the owner, the make, calibre and serial number of the weapon, and should state whether it is intended as a donation or for sale.

It is suggested that shipment be made by express. Charges will be paid by the Ordnance Officer at the receiving depot.

Are you Protecting Your Equipment with Proper Lubrication

Your Farm Equipment represents hundreds of dollars of outlay and, it must last, if it is to give you your money's worth.

To keep it operating efficiently... to make it last longer and to keep costs down... it must have regular and proper lubrication. There is nothing that will damage machinery so quickly as the lack of proper lubrication.

So, to protect your investment in farm equipment, call on the McColl-Frontenac Representative in your district. He will supply you with the right lubricants for every piece of equipment you own.

TO PROTECT AND LENGTHEN THE LIFE OF YOUR FARM EQUIPMENT—USE

THE STORY BEHIND MEAT RATIONING

Food is a weapon of war, and we must share our supplies with those who are fighting to keep the war from our shores. After all special wartime demands are taken care of, only one half of the meat produced in Canada will be available for ordinary domestic consumption at home.

Meat supplies for our Armed Forces must be maintained at all costs.

Canned meat is required in large quantities by the Red Cross, to send to our boys who are prisoners of war.

Great Britain has to depend more and more on Canada for supplies to maintain even its present low ration rate of 28 cents worth of meat per person, per week.

Places like Newfoundland and the West Indies, which previously secured their meat from other sources—must now depend to a great extent on Canada.

Since the war started the consumption of meat by civilians has increased in Canada. Great defense projects such as the Alcan Highway and the Shipshaw Power Development have created new and large demands for meat in areas where practically no demand existed before.

The many extra ships of the United Nations now calling at Canadian ports, must be furnished with meat.

RATIONING IS INTELLIGENT FORESIGHT — INTELLIGENT PLANNING

Coupon rationing is the only way of ensuring equal sharing of the meat available for civilian consumption in Canada. Those with lots of money will not get more than their share—and those with less money will be assured of getting their fair share.

Rationing will help prevent local meat-shortages such as occurred last year from becoming widespread and continuous throughout the whole Dominion. The incentive for panic-buying which empties butcher shops early in the day, will be eliminated.

THE MEAT RATION WILL BE AMPLE FOR HEALTH AND NUTRITION

Fortunately, our meat production in Canada has increased. So, although only half our production will be available for civilian use, it will mean a reduction of only about 15% to 20% in the average household consumption.

The proposed ration of 2 lbs. (carcass weight) per person, per week, has been approved by the country's leading food and nutrition authorities, as ample for the health and nutrition standards of everyone—regardless of age or occupation.

DATES AND OTHER DETAILS REGARDING MEAT RATIONING—SOON TO BECOME EFFECTIVE IN CANADA—WILL BE ANNOUNCED LATER

NAME

POST OFFICE

STREET OR R.R. PROV.

NATIONAL SELECTIVE SERVICE

First Compulsory Employment Transfer Order

NOTICE TO CERTAIN EMPLOYERS AND EMPLOYEES

that men in specified lines of civilian employment, in classes already designated under National Selective Service Mobilization Regulations, must report for interview not later than May 19th, 1943, at an Employment and Selective Service Office.

A. Objective: The Order makes available for essential employments the services of men in classes already designated under National Selective Service Mobilization Regulations, who are now employed in specified non-essential employments.

B. EMPLOYMENTS COVERED BY THIS ORDER: Men, of the specified categories, are covered if now employed in: (1) taverns or liquor, wine and beer stores; (2) retail sale of candy, confectionery, tobacco, books, stationery, news; (3) barber shops and beauty parlours; (4) retail and wholesale florists; (5) service stations (gasoline-filling stations); (6) retail sale of motor vehicles or accessories; (7) retail sale of sporting goods or musical instruments; (8) waiter, taxi driver, elevator operator, hotel bell boy, domestic servant; (9) any occupation in or directly associated with entertainment, including, but not restricted to, theatres, film agencies, motion picture companies, clubs, bowling alleys, pool rooms; (10) any occupation in or directly associated with dyeing, cleaning, and pressing (not including laundry work); baths; guide service; shoe shining.

C. AGE AND MARITAL CLASSES OF MEN COVERED BY THIS ORDER: (a) Every man born in any year from 1917 to 1924 (inclusive) who has reached age 19; (b) every man born from 1902 to 1916 (inclusive), who, at July 15, 1940, was unmarried, or divorced or judicially separated, or a widower without child or children; (c) every man born from 1902 to 1916 (inclusive) who has become a widower since July 15, 1940, and is without child or children now living; (d) every man born from 1902 to 1916

(inclusive) who, since July 15, 1940, has been divorced or judicially separated.

D. Procedure to be Followed: All men as defined above must report to an Employment and Selective Service Office not later than May 19, 1943. Men resident outside a city or town having an Employment and Selective Service Office, too far removed to call personally, may write to the nearest office, and await further directions.

E. OBLIGATIONS OF EMPLOYEES: When directed to accept employment, men referred to in Paragraphs B and C above are required by the Regulations to follow the direction.

F. OBLIGATIONS OF EMPLOYERS: It will be illegal for an employer to retain in his employ after May 19th, 1943, any men referred to in Paragraphs B and C above, unless a special permit has been obtained from Selective Service.

G. Transportation: Provision will be made for transportation of men moved to a new place of residence.

H. Appeals: If objecting to transfer to other employment when directed, a man may enter appeal with a Court of Referees within 7 days.

I. Penalties: Penalties are provided for either employer or employees failing to comply with this Order.

J. Authority: This Order is issued by the Minister of Labour under National Selective Service Civilian Regulations (P.C. 246 of January 19th, 1943, and amending Orders in Council).

Men referred to above must present documents at the employment office, indicating compliance with Mobilization Regulations.

DEPARTMENT OF LABOUR

HUMPHREY MITCHELL,
Minister of Labour

A. MacNAMARA, Director
National Selective Service
